McCAULLEY BOY RECEIVES LONE STAR AWARD AT FFA MEETING

Eddie Earl Smith, son of Mr. and Mrs. Arnold Smith of McCaulley, of the McCaulley Future Farmers of America chapter received the Lone Star award at the state FFA convention in San Antonio, Thursday, July 16. About 5,000 boys attended the convention with only 500 receiving the award at the annual Lone Star Farmer awards program for 1964. Eddie is the second McCaulley High School boy to receive this award.

To receive this award the FFA'er must have kept a record of all his FFA work for

Baptist Men to Hold Final Brotherhood Meeting of Year

The Baptist Brotherhood of District 17, a 12-county region fanning out the east, north and west of Abilene, will hold its last district rally Aug. 3 at Hardin-Simmons University.

Up to 1,000 Baptist men from the area may attend the rally, said Lowell Queen of Abilene, district president. Following this year's rally, the district organization will be dissolved in favor of smaller units which will continue to function within the framework of the Baptist General Convention of Texas.

Featured in the closing rally in the H-SU Chapel-Auditorium will be an address by Dr. George W. Schroeder, executive secretary of the Brotherhood Commission of the Southern Baptist Convention.

Also on the program will be a brief address by Queen and a panel discussion directed by Dr. Hooper Dilday, director of the BGCT's church services department. District officers will make up the panel, which will be assisted by Dr. Schroeder.

Discussions will be based on the newest plans for Brotherhood Work, which will put a greater stress on evangelistic efforts, Queen said.

Bill Davis, choral director for Mann Junior High School in Abilene, will direct music for the rally. A men's chorus is being organized for the event.

HOSPITAL NOTES

Patients in the Hamlin Memorial Hospital this Wednesday were:

Mrs. B. E. Mixon
H. E. Brown
Mrs. Leonard Johnson
Jim Burfield
Mrs. Bonnie Meads
John Brown Sr.
Luther Hawkins
Nathan Patterson
Mrs. Frona Roberts
Mrs. E. Prescott
James Josey, Jr.
Joe K. Castle
Mrs. W. F. Wilcox
Mrs. Tom Pritchard
Mrs. O. L. Jenkins
W. C. Hudson
Leigh Ann Vaughan
Mrs. Tull Newcomb
Mrs. G. M. Bond
L. H. McCollum Sr.
Mrs. Fred Weeks

BILLY McILWAIN WINS MILK BUCKET IN RIDING CLUB EVENT

Billy McIlwain won the trophy in the special event at the Saturday evening play night being held each week by the Hamlin Riding Club. He received a two gallon galvanized milk bucket in the wild cow milking event.

Two special events will highlight Saturday night's play night. A wild cow milking will be held again for the men and a greased pig scramble will be the feature for women.

Printice Holland, chairman for this week's show, will be assisted by John Kitchen.

Other winners were as follows:

Stick horse race: Shorty McIlwain, Gena Grubin, Gena McIlwain.

Calf Scramble: Harold Grubin.

Calf riding: (eight years and under) Lanny Woods, Danny McIlwain, Shorty McIlwain; (nine years and under) Wayne Grubin, Jerry Brown, Brit Thompson.

Pole bending: (6 to 10) Lanny Woods, Danny Woods, Randy Elmore; (10 to 14) Brit Thompson, Debbie Elmore, Pearce Holland. (14 to 70) Mary McIlwain, June Elmore, John Holland.

Flag race: (6 to 10) Danny Woods, Randy Elmore; (10 to 14) Debbie Elmore, Pearce Holland, Jerry Brown; (14 to 70) Mary McIlwain, Judy Jenkins, June Elmore.

Barrel race: (6 to 10) Danny Wood, Randy Elmore, Ricky Crowley; (10 to 14) Debbie Elmore, Sharrice Nail, Pearce Holland; (14 to 70) Mary McIlwain, Judy Jenkins, June Elmore.

Ribbon roping: Don Elmore, Butch Holland, T. W. Flenniken.

Calf roping: Roy Thompson, Benny Carroll, Butch Holland.

Snyder Downs Hamlin All-Stars For Title Monday

A couple of Snyder homers gave them an 8-3 victory over the Hamlin All-Star Little League and the Area 1, District 5 Little League title Monday night.

Mike Smith hit a two-run homer for Hamlin.

Hamlin ousted Stonewall-Kent of Aspermont Thursday, July 23, 5-0.

They took a 5-4 squeaker over Rotan Saturday night, July 25.

AREA FARMERS INVITED TO ROLLING PLAINS FIELD DAY

"Farmers and ranchers in Jones County are urged to take part Aug. 7 in the annual field day of the Rolling Plains Soil and Crop Research Station near Chillicothe," said Jones County Agent, Kirby Clayton.

The several hundred guests that Station Supt. Dr. Joe P. Wells will host current research in grain sorghum, guar-cotton rotation, wheat and cotton.

Said the county agent: Where once the sorghum improvement effort consisted of introducing such new crops as Sudan grass and Hegari from counties now are introducing greatly improved varieties and hybrids originated at the Chillicothe station.

First session of the field day will begin at 8:30 a.m., will feature addresses by four scientists known throughout the Rolling Plains — in fact throughout the Southwest — for their knowledge.

After a lunch served at the station by the Medicine Mound Home Demonstration Club those attending will tour the research facilities.

Speakers at the program: P. T. Marion longtime superintendent of the Rolling Plains Livestock Research Station near Spur, who will discuss "Smash Herd Beef Cattle Operations."

L. E. Brooks, veteran superintendent of the Wichita Valley Extension Station near Iowa Park, whose subject will be "Guar — A crop for the Rolling Plains."

Dr. James W. Graves, Texas A&M University professor of agricultural economics and sociology, whose topic will embrace "Locating or Establishing New Markets for Agricultural Products."

Dr. H. O. Kunkel, associate director of the Texas Agricultural Experiment Station, who will talk of "Agricultural Research of the Future."

The Chillicothe station, established cooperatively in 1905 by the USDA and TAES to test sorghum introductions, serves the agriculture of the Rolling Plains, an area comprising 24 million acres.

The station is engaged in a wheat variety testing program, along with other Texas stations. Among varieties produced earlier from this kind of research and increased for distribution as foundation seed stocks here were Comanche, Concho, Westar and Wichita. Seed of the improved Crockett and Tascosa varieties are being increased and are available to certified growers.

Evaluation of cotton varieties at the Chillicothe station has been constant since 1917 and has enabled farmers in Jones County to determine those varieties best suited to their needs and which likely will show a profit, said the county agent.

Bridge Results

Mrs. Jack Russell and Dan Gallagher won first at the Hamlin Duplicate Bridge Meeting Tuesday, July 28. Mr. and Mrs. Harry Yates of Stamford were second and Mrs. Floyd Briscoe and Mrs. Holly Toler were third.

The next meeting will be Tuesday, August 4, at the Oil Mill Guest House.

Car Wash Set

The youth of the First Methodist Church are holding a car wash Tuesday, August 4, at Lee Hastings Service Station beginning at 7:45 a.m.

Barbara Lakey is spending several days visiting Cherry Criswell at Lake Leon, near Ranger. Other visitors in the O. R. Criswell home during the past week were Kathie and Connie Christian of Hamlin.

AT ATTORNEY GENERAL'S YOUTH CONFERENCE — Representatives from Hamlin High School at the Attorney General's Youth Conference held in Austin July 10, 11 and 12 are shown above with Assistant Attorney General Robert T. "Sonny" Davis, director of the Youth Conference. Pictured are left to right, Allen Cumble, Mary Lois Patterson, Mr. Davis, and Pat Batchelor. The three-day conference was devoted to study in the ways and means to combat juvenile delinquency through the high schools and through the activities of the students. Attorney General Waggoner Carr gave the key-note address stressing the importance of the youth's part in combatting juvenile crime and meeting the school "Drop-Out" problem face to face. He asked for their help as they were consulted about problems that they come in contact with in their daily lives.

FARMERS STAND IN LINE TO PROTEST LAND VALUATIONS

Farmers were standing in the corridors Monday, waiting their turn before the Jones County Equalization Board. They wanted to protect the valuation placed on farm or ranch land owned by them.

The commissioners court is sitting as the appeals board following a revaluation program carried out under contract with McMorries and Co. of Amarillo. Hearings on town property owners who appeared before the board was comparatively light, this has not been so with farmers and ranchers.

For the most part, differences appear to be over classification of land for tax purposes. Eight different classes were used, with the value of No. 1 farm land set at \$150 per acre and other classes graded downward. The valuation company used approximately the same scale of values as employed by the Soil Conservation Service, it was said.

In addition to the farm land values, a tax value this year has been placed on improvements as well. As in past years, minerals are assessed separately.

Members of the court expressed themselves as being particularly well pleased with the work done by the Amarillo firm.

"We believe they have done a fair and a thorough job", the court has indicated the county tax rate will remain the same — 74 cents.

McCauley Baptist Church Revival To Open Sunday

The McCauley Baptist Church begins its summer Revival Sunday, Aug. 2, and will continue until Aug. 10.

Rev. Bruce Romoser, pastor at Megargel, Texas, will be the evangelist. Bro. Romoser received his BA degree from the University of Maryland in 1962 and is now enrolled in Southwestern Baptist Theological Seminary in Fort Worth. He is married and has two sons, Mark 2, and David, 3. Prior to his college, Rev. Romoser served four years in the navy.

Services will be held each morning at 10 o'clock and each evening at 8:00. Prayer services for all age groups will be held at 7:30 each evening.

Edwin Peoples is pastor of the church.

B&PW Women Attend Meeting

Lennie Greenway, president of the local Business and Professional Womens Club, and Viola Avants attended the district planning meeting in Abilene Sunday, July 26. The meeting was in connection with the district conference of the B & P W Club meeting to be held October 24-25 in Snyder.

Mrs. Lida Rhodes, district director was in charge of the meeting. Ten of the thirteen area clubs were represented.

Dr. and Mrs. Don Greenway have returned to Dallas after visiting with their parents, Mr. and Mrs. J. D. Greenway, and grandparents, Mr. and Mrs. J. S. Diekey and Mrs. J. C. Greenway. Dr. Greenway has just completed two years with the USAF Hospital in London, England, and will continue his residency in Orthopedic Surgery at Baylor Parkland and Children's Hospitals.

Suit to Settle Who Is Married to Whom Filed in Anson

"This is the first one I have ever seen."

That was the remark Monday of District Clerk W. L. McDonald when asked about what appeared to be a double divorce suit which has been filed in 104th District Court.

The suit is entitled: Roosevelt Bolden and Aretta (Bell) Bolden vs. Phylisette (McPherson) Bolden and William Bell.

The suit was made necessary when a Hamlin couple in their sixties attempted to adopt two children whom they have reared. They learned there was some question as to whether Ciudad Juarez, Mexico marriage was legal.

The petition sets out that Roosevelt Bolden married Phylisette McPherson at Corsicana in 1933. The couple separated and whereabouts of the woman is unknown. There was no divorce.

Aretta Nobles married William Bell in 1941 but the couple lived together but a short time and whereabouts of Bell is unknown. Mrs. Bell married Alvin Anderson at Fort Worth in 1943. She, according to the petition, did not know if Bell had obtained a divorce or not. However, Anderson was killed in Fort Worth at a liquor store.

Bolden and Anderson's widow were married in October of 1953.

Now the couple are asking the court to declare their previous marriage dissolved and to say that they are legally married to each other.

MIDWEST ELECTRIC PLANS ANNUAL MEETING AUGUST 6

An official of Midwest Electric Cooperative Inc. has announced that the Annual Membership Meeting will be held Aug. 6. As in the past, the meeting will be staged at the Fisher County Rodeo Grounds in Roby.

This year's meeting will be conducted in the same manner as it has been for the past several years. Registration will begin at 5:00 p.m. with a free barbecue supper being served from 6:00 p.m. to 7:00 p.m. At 7:00 p.m. the officials of the cooperative will make their reports.

Mrs. J. S. King, 84, Dies July 27, Rites Held July 29

Services were held Wednesday, July 29, for Mrs. J. S. (Cona Myrtle) King, 84. Mrs. King died July 27 at the Baker Convalescent Home in Pearsall. She was a resident of Hamlin for seventy-two years.

Born September 20, 1879, in Wise County, she was the daughter of the late Mr. and Mrs. Jessie Harris. She married J. S. King at Neinda November 6, 1898. He preceded her in death.

Services were held at 10 a.m. in the First Methodist Church under the direction of Rev. Royce Womack, pastor.

Survivors include two sons, Cecil of Laredo and Lawrence R. of Pomona, Calif.; one brother, L. B. Harris of McCaulley; two sisters, Mrs. Lora Turnridge of Abilene and Mrs. Panola Weaver of Temple City, Calif.; two grandchildren and 5 great-grandchildren.

Pallbearers were: Bryant Conner, M. T. Hudson, Allen Vandiver, Preston Stokes, Rudy Hamric and Pat Miller.

B. V. Newberry In Laymen's Crusade

B. V. Newberry, of the First Baptist Church here is in California participating in the West Coast Laymen's Crusade held July 22-26. He was in revival in the Bethel Baptist Church in Escondido, California.

Others from here who were in the crusade were Edgar Duncan, Johnny Stovall and John V. Howard.

STUBBLE MULCHING URGED TO FIGHT WATER EROSION

Wheat farmers that practice stubble mulch tillage have good insurance against erosion. The value of crop residue in controlling water erosion was clearly shown on local wheat field this year following the heavy rains. The surface residue helped to increase the amount of water that the soil soaked up and slowed down runoff so that gullies were not started. Fields that had been worked with chisels or sweeps are generally not damaged while adjoining fields without surface residue lost tons of valuable topsoil.

The hard beating rains that all in the summer months unite often do more damage than good unless the soil has a good cover. This is one of the reasons why more and more farmers are changing to stubble mulching. Sweep type plows and trashy farming have paid off for many local wheat farmers this year. The topsoil saved following one heavy rain will quite often more than offset the cost of stubble mulching equipment.

Sweep and chisel type implements are well adapted in this part of the state. They can be used to loosen the soil, kill weeds and leave the soil in excellent condition to take water. The kind and number of tillage operations should be adjusted so that a good stubble cover is left on the surface.

The people understand this and they expect no more.

With some speeches, the last thing the speaker needs is an attentive audience. There are times when losing your crowd can be more beneficial to the party than holding it.

Yours faithfully,
J. A.

Colts and Oilers In Practice Game

The Hamlin Colts will play the Hamlin Oilers Friday, July 31, at the Pony League Park in a practice game before they go to Haskell. The Colts will play the opening game August 6 against a Haskell team. They are representing the Texas Teenage Western Cottonbelt Junior League.

The regular business session will be conducted from 7:30 p.m. to 8:15 p.m. Two directors will be elected at this session.

Men nominated for these two positions are as follows:

Place 3: Charlie Bley (Re-election) and Ray Fulford. Place 4: J. L. McArthur (Re-election) and Glenn Posey.

Other nominations may be made by members of the cooperative from the floor at the meeting if they so desire.

Bob Murphy, the "tobacco chewing" East Texas humorist will be on hand to delight young and old alike. Murphy is well remembered by many Midwest members as "that guy that told all the funny stories about politicians and East Texas" at the 1961 annual meeting.

Each member will receive a nice gift as he registers at the meeting. In addition, his name will be placed in the barrel for the drawing of other prizes.

Approximately 3,000 people are expected to attend the event. All members of the cooperative are urged to be present. It will be an informative as well as entertaining occasion.

Primitive Baptist Church to Host Annual Meeting

The Primitive Baptist Church will host the annual meeting of the West Providence Association here Thursday through Sunday. This will be the first More than 300 persons are time for the Hamlin Church to sponsor such a meeting.

expected to be here from the area extending from Dallas to Odessa. A large tent will be put up on the north side of the church which is located in the 600 block of Northeast Ave. A. to accommodate the large crowd.

Services begin at 8 p.m. Thursday and continue through noon Sunday. Friday and Saturday services will be held at 11 a.m., 2:30 p.m. and 7 p.m.

Approximately 12 to 15 ministers will be here and will participate in the services.

Elder Robert A. Moore is pastor of the local church.

The public is invited to attend.

PHILOSOPHER SAYS POLITICIANS OUT OF TOUCH WITH PEOPLE WHEN IT COMES TO T.V.

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 advises politicians about television this week.

Dear editor:

Successful politicians as I understand it are supposed to be men who figure out what the people thing before they let them in on it, but I'm not sure this is always true.

Also, a politician is supposed to keep his ear to the ground, and maybe he does, but this may not be very helpful these days when half the people live above the ground floor.

I was thinking about this after I read an article telling about how the politicians, both Republican and Democratic, had been worrying about what they could do to liven up their conventions, in order to hold the television audience.

Here we are, they said, with two or three days and nights of nation-wide, exclusive television time and how can we be sure we can hold our audience?

This shows how out of touch with people the politicians are.

Don't they know the people don't expect them to put on a lively show when not even the professional television people can do it? We might wish they could, but we don't expect it.

If politicians had kept their ears off the ground and their eyes glued to their T. V. sets, they would have realized the people have not come to expect constant gripping excitement on the screen.

Take the average baseball game on T. V. Maybe ten percent of the time something really exciting happens, and the rest of the time is about on the same plane as a second-nomination speech at a convention. One home-run and one

interesting speech per show is about average for either type of production.

The people understand this and they expect no more.

With some speeches, the last thing the speaker needs is an attentive audience. There are times when losing your crowd can be more beneficial to the party than holding it.

Yours faithfully,
J. A.

Glenda Boren and David Oden Tell Of July Wedding

Mr. and Mrs. Loyd Boren of Longworth are announcing the marriage of their daughter, Glenda Murel, to David Austin Oden of Sweetwater. The couple was married July 20 at 11:45 a.m. in the home of Rev. Arron Oden, brother of the bridegroom, a Baptist pastor in Big Spring.

The couple will reside in Lorraine after Aug. 8. He is employed by H. A. Moore Feed Store in Colorado City.

The bride attended Hamlin High School.

Andress Reunion Held Here Sunday

The Andress Reunion was held Sunday at the Hamlin school cafeteria with twenty-nine relatives present.

Out-of-town visitors were from Odessa Lubbock Houston, Comanche, De Leon, Breckenridge, Haskell, Rule, Roby and McCaulley.

The noon luncheon was followed by a business meeting. Entertainment was by a quartet.

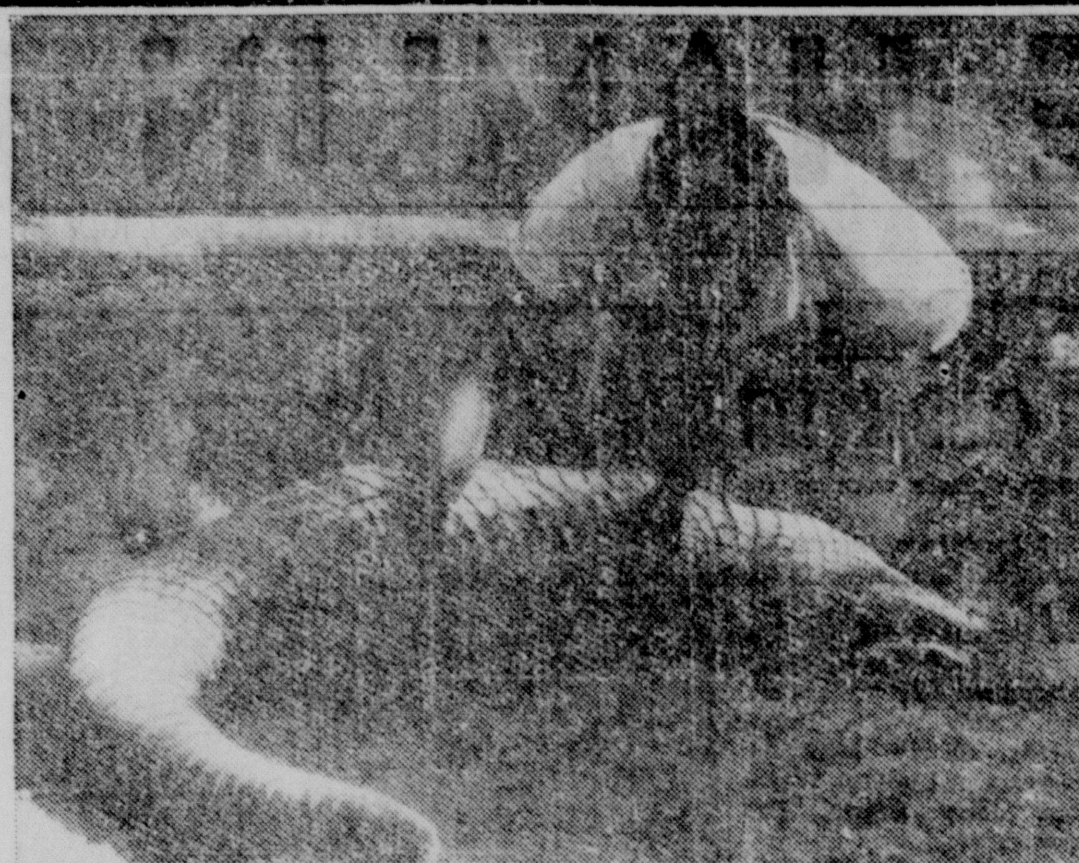

The ship's rudder for steering large vessels was perfected in the 13th century, paving the way for long voyages.

Engraved gems out of the earliest years of the Roman conquest of England show that Roman officials carved gems as a hobby.

In March, 1853, Congress ordered an exploration at public expense to find the best route for a railroad to the Pacific Ocean.

The light-gathering power of the 80-inch telescope at McDonald Observatory is about 150,000 times greater than that of the human eye.

Call your news to the Herald.

WRESTLING

WITH

OUR

FEARS

Our fears seem as big and as terrible as this alligator sometimes, don't they? Fear about this thing and that can paralyze us and prevent us from doing our daily work.

Many of our fears are real. A great many of our fears, however, are unfounded — a result of thinking and worrying about ourselves. Sir John Denham phrased it this way:

*"My fears are causeless and ungrounded,
Fantastic dreams and melancholy fumes."*

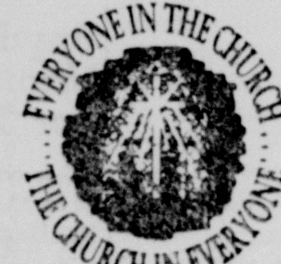

There is only one thing that will dispel fear of this type. We must do something to get out of ourselves. That means loving and helping others.

The Bible puts it so well in I John 4:18. *"There is no fear in love; but perfect love casteth out fear; because fear hath torment. He that feareth is not made perfect in love."*

The Church is God's Agency designed to help you. We invite you to attend this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

WILDLIFE SPECIALIST OFFERS HELP ON STOCKING PONDS

COLLEGE STATION — A fish shall I put in my pond? question asked by many people. "Stock your pond with what- every day is, "What kind of ever kind or kinds you like to

THE HAMLIN HERALD
Hamlin, Texas, Thursday, July 30, 1964

PAGE THREE

catch," says Wallace G. Kluss- mann, Extension wildlife con- servation specialist, Texas A&M University. "If you are a catfisherman only, then there

is no reason to stock other spe- cies; the same goes for bass or sunfish. If you want all kinds, then bass, channel catfish, and redear sunfish are compati- ble."

Exidence indicates that it is not necessary to stock a forage fish along with largemouth bass, explains Klussmann. Many sources still recommend stocking a sunfish such as the bluegill along with bass. These cover large sections of the country including states north of Texas where the growing and spawning season are shorter and more favorable for bass-bluegill combinations.

A female bluegill can spawn as many as four times during a single season in Texas, notes the specialist. The result is thousands of small bluegills that never reach edible size.

Another factor contributing to the bluegill dilemma is that bluegills are not the "ice cream" in any fish's diet. Bass prefer feeding on their own kind and other species rather than on bluegills, says Klussmann. Channel catfish are scavengers and eat few bluegills.

If sunfish are desired, the most suitable species is the redear since it spawns only once a year and thereby lengthens the time before overcrowding occurs, says th specialist.

Crappie or white perch should not be stocked in ponds having less than 10 surface acres because, like bluegills, they will overpopulate a small pond in one or two years.

A pond should always be stocked with fingerlings that are approximately the same size, such as those obtained from state and federal hatcheries, says the specialist. Never go to a nearby stream or pond and seine fish for stocking.

"A balanced fish population is almost impossible to obtain if stocking of all sizes and kinds of fish is practiced. Never introduce fingerlings into a pond containing adult fish, particularly bass," warns Klussmann. "A pond should be stocked with a balanced group of fingerlings only after the adults have been removed."

Fingerlings for stocking private ponds can be obtained free of charge from either state or federal hatcheries.

Application forms and stock- ing recommendations can be obtained from the local coun- ty agent or game warden, adds Klussmann. Requests for stock fish may be made at any time. It is important for pondown- ers to fill the application card correctly and not a "hedge" on the size of the pond in an effort to get more fish, comments the specialist. It is just as bad to stock a pond with too many of the right kind as it is to stock it with undesirable kinds. Just as range land has a certain capacity for a special number of animals, a pond can only support a specific number of pounds of desirable fish.

Enrolls in School

LUBBOCK — Julie Daniel, daughter of Mr. and Mrs. H. R. Dainell, 418 N. W. Avenue H, Hamlin is presently enroll- ed as a summer student at Lubbock Christian College, Lubbock, Texas.

Miss Daniell is a 1963 gradu- ate of Hamlin High School. While in high school she was active in pep squad and cheer- leading.

Miss Daniell is one of 130 students who registered for this session.

In Europe, folk legend cred-its the hedgehog with being a weather prophet.

WSCS CIRCLE MEETINGS . . .

The circles of the Women's Society of Christian Service of the First Methodist Church met this week for programs concerning "Local Inter-Faith Cooperation."

The Vaughan Circle met Monday morning in the home of Mrs. Earl Brown.

Mrs. Jack Vaughan, chairman, presided.

Mrs. W. B. Cotton gave the opening prayer. The program was given by the members. Nine members and two visitors were present.

The August 24 meeting will

be in the home of Mrs. E. J. Hawkins.

The Gardner Circle met at 9:30 a.m. Monday in the home of Mrs. Fred Carpenter. Mrs. B. H. Gardner, chairman, opened the meeting with prayer and presided.

Miss Ella Temple presented the devotional and read the scripture from Acts.

Mrs. A. A. Hackley gave the program which consisted of highlights written by Miss Thelma Stevens from General Conference Legislation in Mandates for Action.

Nine members were present. Mrs. Gardner closed the meeting with prayer.

The next meeting will be in the home of Mrs. E. J. Hawkins Aug. 24.

The McBride Circle met Tuesday at 10 a.m. in the home of Mrs. W. A. Hawkins. Eight members and one visitor, Mrs. Jerry Larned, were present.

Mrs. Horace Driver, chairman, presided during the business session. Mrs. Hawkins urged all members to attend the general meetings. The first luncheon will be at noon Sept. 7.

Mrs. David Casey presented the program.

The next meeting will be Aug. 25 in the home of Mrs. Gerald Hilburn.

Mr. and Mrs. Royce Eaton of Roby are the parents of a baby girl born July 21. She weighed 8 lb. 4 oz. and was named Dee Dee Lynn.

MABERRY REUNION HELD IN SWEETWATER HALL JULY 19

Decendants and friends of the late Mr. and Mrs. John Maberry and the late Mr. and Mrs. David Maberry gathered at the American Legion Hall in Sweetwater on Sunday, July 19.

A business meeting followed the noon covered dish luncheon. Luther Maberry, president of the organization, introduced new members of the clan which were attending for the first time, they included:

Mitzi McCutcheon, infant daughter of Mr. and Mrs. McCutcheon of Brownfield; Laura McElyea, infant daughter, of Mr. and Mrs. H. C. McElyea Jr. of Big Spring, Texas and Conrad Allen Hamric, infant son of Mr. and Mrs. Ruby V. Hamric of Rotan.

Officers re-elected for another year were: Luther Maberry of McCauley, president; Albert Maberry of Trent, vice president; Ray Maberry of McCauley 2nd vice president; Patsy Maberry Hamric, secretary-reporter.

It was decided that the reunion would be held again in 1965 at Sweetwater. Jerry Maberry, Mrs. Donald R. Rowland and Jerry McElyea, all of Sweetwater, were appointed by the president to investigate the best place and time for the reunion.

Attending from Lubbock were Mr. and Mrs. H. C. Morris, Marci Blackburn, and Mr. and Mrs. Doug Blackburn.

From Lamesa were Mr. and Mrs. W. W. Miers and Mike, Mr. and Mrs. B. Fancher, and Earl Fancher.

Mr. James Fancher and family were here from Wichita Falls.

From Sweetwater were Mr. and Mrs. Jerry Maberry and family, Mr. and Mrs. Jimmy McElyea and sons; Mr. and Mrs. Donald Rowland and Kyle; and Lucile Maberry.

Mr. and Mrs. James Shaw attended from Colorado City.

From Rotan were Mr. and Mrs. Rudy Hamric and Conrad.

From Sylvester were Mrs. Ross Douglass, Calvin and Mike Maberry, Mr. and Mrs. J. P. Maberry.

From Irving were Mr. and Mrs. Larry McElyea.

From Trent were Mr. and Mrs. Albert Maberry and sons.

From Big Spring were Le-

Garden Club Holds Called Meeting

A called meeting of the Hamlin Garden Club was held in the home of Mrs. B. B. Colwell, president.

Resignations of Mrs. S. L. Tate and Mrs. A. E. Johnson were read.

Mrs. Glen Simons was elected secretary and Mrs. B. H. Gardner was elected corresponding secretary.

Mrs. Edgar Duncan requested placement on the associate membership list.

Plans were discussed for programs for the coming year by Mrs. LaFoy Patterson, program chairman.

IOE HUDSPETH'S

OLD GLORY...

By Judy White
A former resident of the Old Glory Community, Hugo Klump of Bartlett, was killed in a car wreck on Wednesday, July 22. He was 83 years of age.

Mr. Klump had been living in Bartlett for many years but frequently visited relatives and friends here.

Survivors include two daughters, Mrs. Jane Wheeler and Mrs. Harold Clark of Bartlett, a son, Virgil Klump, of Waco; three sisters, Mrs. W. G. Wienke, and Mrs. Tillie Dippel of Old Glory; Mrs. Erma Aurich, of Houston; two brothers, Ben Klump of Old Glory, and Leo Klump of Bellview.

Funeral services were conducted in Bartlett at 10:00 a.m. on Friday. Those from here who attended were Mr. and Mrs. W. G. Wienke, Ben Klump, Herbert Klump, Mrs. Tillie Dippel, Mrs. Bernice D. White and Judy, and Mr. and Mrs. Garrett Spitzer.

Visitors in the home of Mr. and Mrs. Charlie Letz last week were their grandchildren, Roger Clayton and Kathie Lou Letz. They are the son and daughter of Mr. and Mrs. Roger Letz of Fort Worth. Mr. and Mrs. Letz took them back to Fort Worth last Thursday and visited in their son's home.

Mr. and Mrs. Delos Callicott were in Midland last week-end visiting their son and family, the Jerry Callicott's their grandchildren, Guy and Jill Callicott, returned home with them for a visit. They also plan to spend a few days with their other grandparents here, Mr. and Mrs. Charlie Letz.

Mr. and Mrs. Ed Letz and their children, Stephanie, Reva, and Mrs. Letz took them back to Fort Worth last Thursday and visited in their son's home.

MISCELLANEOUS
A budge hearing by the Hamlin Board of Education will be held Aug. 10 at 8 p.m. in the office of the school superintendent, C. F. Cook. 40-2c

2,762 18-Year-Old Males to Receive Army Physicals

AUSTIN — State draft board will forward 2,762 18-year-old males for Army mental-physical examinations in August, compared to 1,816 scheduled for July, Colonel Morris S. Schwartz, state Selective Service director, said Monday.

These tests are the result of President Johnson's action early this year which ordered the Directive service and the Secretary of Defense to examine all newly-registered men who are out of school and available for service.

Colonel Schwartz stressed that these youths will not be considered for armed forces service at this time. Normally, a man is not reached for draft induction until about age 22.

Only about 225 of the older males will be sent for the examinations in August, and only 119 men are scheduled for induction in that month. This is the lowest induction call the state has received since April 1961, when the quota was only 65. The highest monthly induction call since then was 1,112 in September 1961, as a result of the Berlin crisis.

The August quotas are scheduled to be placed in the mail to local boards Monday, Colonel Schwartz said.

Males married at age 18 and those known to be continuing in school currently will not be examined. Also, high school graduates whose draft files show they intend to enter college this fall will not be ordered. If a high school graduate plans to enter college this fall, he should notify his draft board immediately.

AUSTIN, TEX. — Many persons drown each year while trying to save another person, and the Texas Safety Association reports that frequently the would-be life saver is the only one who drowns. If you do not swim well do not attempt to save another person who is in trouble in the water. You will save time and probably two lives if you go for help first.

Mrs. Lou Bishop Completes Course
Mrs. Lou Bishop of Bishop's Flowers completed a professional course in modern floral designing and executive shop management July 24 at the Benz School of Floral Design, Houston.

Mrs. Bishop was awarded a certificate of proficiency after completing the specialized Benz course. This course includes flower arrangements for parties, hospitals and other occasions, funeral work, wedding decorations, bouquets, corsages, salesmanship and shop management.

Mrs. Bishop also studied the latest flower stylings, new accessory materials and the most effective methods of providing a first class quality floral service to customers.

Methyl cyanide is found in the blood of smokers, but is absent from that of non-smokers.

PUT A TIGER IN YOUR TANK!

Visit Six Flags Over Texas this summer. More than a hundred acres of fun for everyone. Be sure to include a ride on Humble's "Happy Motoring" Freeway. Even youngsters can safely steer the miniature sports cars. Stop at your Enco dealer's before you go. He has coupons for you, each worth 50¢ on a child's ticket for Six Flags.

NEW HIGH-ENERGY ENCO EXTRA GASOLINE BOOSTS POWER THREE WAYS:

- 1 Cleaning Power!** Dirt can clog even a new carburetor in a few months of normal operation—causing hard starting and rough idling. Your very first tankful of New Enco Extra will start to clear away these deposits—in new engines or old—to improve power and mileage.
- 2 Firing Power!** Spark plug and cylinder deposits can cause misfiring, pre-ignition and hot spots. New Enco Extra neutralizes these harmful deposits—to help your engine fire smoothly, to help preserve the power of new cars and restore lost power to many older cars.
- 3 Octane Power!** New Enco Extra has the high octane that most cars now need for full smooth performance without knocking. You'll get all these extras with New Power-formula Enco Extra gasoline—it puts a tiger in your tank! *Happy Motoring!*

TRAVEL TALK—

HOW TO PACK FOR A TRIP ABROAD - THE EASY WAY

By Hulin Fowler
Editor's note: Mr. Fowler will be happy to answer questions on travel and vacations. Please address your inquiries to him in care of this newspaper.

You've planned your vacation — to Europe, South America or the Far East — and every minute of it has been fun.

Suddenly, the fun becomes work. What to wear? What to pack?

Actually, packing for a jet trip, even around the world, is

not as difficult as many people think of you keep two basic problems in mind — climate and weight.

Many people think the climate in South America is "hot" and it is — in December! Remember that the seasons of the two Americas are reversed — and that some high-altitude areas like La Paz, Bolivia, Bogota, Columbia, are pretty cold most of the year.

In Europe, you will encounter many climates, but bear in mind that the northern coun-

tries will be cold in winter and cool in summer, while the Mediterranean lands will be mild in winter and warm in summer. Check your itinerary carefully before deciding what clothes to take.

In the matter of weight, you will be allowed 44 pounds from your city of departure on an international economy ticket, and 66 pounds on a first class ticket. In addition, you may carry a coat, camera, binoculars, purse and reading material which will not be weighed.

Granted that you know where and how you're going, the next thing to remember is to travel light. Concentrate on people, scenery, fun, places and ideas, not on being a "clothes horse." Don't waste your time packing, unpacking, dressing and changing or you'll miss out on a lot of fun of the trip.

Although any travel service can suggest a basic travel

wardrobe for any tour, here are a few tips on packing:

1. Choose a basic color scheme. Women should have blouses that are interchangeable with various skirts. Men should have sports coats that go with several pairs of slacks. First, look in your wardrobe. You probably have most of your basic items there.
2. Take easy-to-care-for fabrics. Nylon, dacron, orlon and others are a real boon for travelers of both sexes. They press, wash and dry easily and are durable.
3. If you wish to take a travel iron, choose a light one of dual voltage international convertible plugs.
4. Take a camera and plenty of film, as some countries do not have an adequate supply of good film, especially color.
5. Toilet articles are available in abundance now in most foreign countries. However,

your favorite brand may not be, so you may want to pack enough to last your complete trip. However, remember that each article counts in your total weight allowance; so, do not take more than will be needed.

6. If you need special medicines, carry an adequate supply. Your doctor will gladly tell you what additional medicaments

For a child or an adult to achieve properly and efficiently they must have good vision. Only a vision specialist giving a thorough examination can determine your visual needs. A thorough examination takes time.

MANY FEATURES ADDED TO REFRIGERATORS IN 16 YEARS

Joe Hudspeth, local appliance dealer said today that the average American family uses its refrigerator in the home for about 8 1/2 years, according to U. S. Dept. of Agriculture figures.

A whole new generation of refrigerators has been built since 1948, the dealer stated. If you are planning to replace your old model this year you'll probably want to know how the new model's compare with those of 16 years ago. What additional values do you get?

Here are the facts as reported by Mr. Hudspeth.

Today's refrigerator dollar more cubic feet of refrigerated space than it did 16 years ago. In 1948, you paid about \$299. for an 8 cu. ft. General Electric refrigerator.

Today, for about the same price, you get a Frost-Guard model (no defrosting ever) with 13.7 cu. ft. of refrigerated space. That's 70% more capacity, or in terms of cost per cubic foot, it's out 40% less. It's an even better buy, when you take into account the effect of

inflation since 1948, declared the dealer.

The 8 cu. ft. 1948 model was a single-door refrigerator that had to be manually defrosted week after week and it had only a small space to freeze ice cubes. It had no door storage.

Today's General Electric model at about the same price has many extra values. There's two-door convenience with a giant zero-degree freezer for long-term storage of modern frozen foods. It has a slide-out shelf, generous door storage and an egg basket and butter compartment. Best of all, there's no defrosting ever in either the refrigerator or freezer sections.

The separately - insulated freezer section is needed to store the rapidly increasing variety of frozen foods now available to American homemakers. Sixteen years ago there were only a few frozen foods available at your supermarket. Today, a wide variety of frozen foods including new brands of pre-cooked meals and a variety of international dishes can be purchased at the store. Thus, the homemaker who wants to offer her family a nutritious selection of frozen foods needs more freezer space than ever before.

There's the matter of design too! The old 8 cu. ft. refrigerator was round-shouldered, had unsightly coils on back, came in white only and was not compatible with standard kitchen cabinets.

Today's model has straight-line design, no coils on back so that it fits flush-to-wall and lines - up at front with base cabinets. It needs no door clearance at side and can be installed in-the-corner. It comes in the fashionable new copper-tone or Mix-or-Match colors to spark the rest of the kitchen.

Today's refrigerator offers much greater efficiency and value than its free-runner. The most important advancements to the homemaker, however, are increased capacity and Frost-Guard -- no defrosting ever," said Mr. Hudspeth.

FEDERAL LAND BANK ASSOCIATION

Mr. Farmer — Mr. Rancher:

A recent study in this area has resulted in an upward adjustment in our loan values making it possible, in many cases, to make larger loans. For information about a loan on your farm or ranch come in soon—let us explain the many advantages of a Land Bank loan.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

SENATE JOINT RESOLUTION NO. 6 proposing an amendment to Section 5 of Article VII of the Constitution of the State of Texas so as to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Section 5 of Article VII of the Constitution of the State of Texas is amended to read as follows:

"Section 5. The principal of all bonds and other funds, and the principal arising from the sale of the lands hereinbefore set apart to said school fund, shall be the permanent school fund, and all the interest derivable therefrom and the taxes herein authorized and levied shall be to the available school fund. The available school fund shall be applied annually to the support of the public free schools. And no law shall ever be enacted appropriating any part of the permanent or available school fund to any other purpose whatever; nor shall the same, or any part thereof, ever be

appropriated to or used for the support of any sectarian school; and the available school fund herein provided shall be distributed to the several counties according to their scholastic population and applied in such manner as may be provided by law."

Section 2. The foregoing Amendment shall be submitted to a vote of the qualified electors at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

"AGAINST the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

FAIRVIEW NEWS

By MRS. ELMER JOINER

Since there has been so much sickness and sadness prevailing in our community, recently, we are ashamed to mention the hot dry weather. But it is hot nevertheless, making it hard on both man and all the lower animals, but will all live through it and before long we will be complaining of the cold weather.

George Waincott returned home last Thursday, from Gary, Indiana, where he had been at the bedside of his eldest son, Charles Weldon, who is very ill at that place. At first it was learned that he had a malignancy in his lungs, at this time it has spread to other parts of his body, causing a very serious condition. Mrs. Ethel Allen remained with the family, in Indiana, to help them, for which she is very qualified, having done such a good job caring for her father before he passed away. Our love and sympathy, go to all of the family in this sad hour.

In this column last week we told of the planned surgery for little Sabrina Clements, daughter of Mr. and Mrs. Bill Clements, of Fort Worth, and three year old granddaughter of Mrs. Flavil Holmes sister, Mrs. R. O. Clements. The open heart surgery was performed in Dallas, last Thursday, and at first it was hoped that it would be a success, but Friday morning she passed away. Mr. and Mrs. Flavil Holmes and Jimmy, attended funeral services for the tiny tot, Monday afternoon, in Pampa, where the grandparents reside and where the father was reared.

It was learned Sunday that Mrs. Oscar Jenkins had entered the Hamlin Hospital. At this time that is all we have learned.

Mr. John Dutton, a long time resident of this area, having

lived in Anson for some time, passed away in that city, some time Sunday morning. Funeral in the Anson Church of Christ, Mr. Dutton having been a member of that church. He had been ill for a long time, having lived to be over ninety years old. He and Mrs. Rutton reared a large family, one of which they were justly proud, leaving a host of grandchildren and great-grandchildren, as well as many friends. Our love goes to all of them in this hour of sorrow.

Mrs. Lois Hampton, of Abilene, the former Lois Ray, reared in this community, was found in her home last Tuesday morning suffering from a stroke, which had happened some time in the night before. She was carried to the Hendrick Hospital, where she was remained critically ill since. It is thought that she is improving, although she is paralyzed in her right side and cannot speak. Mrs. Hampton had gone Monday for a check up, was pronounced in good health, which goes to show how uncertain our lives or good health can be, and when it happens to one of your dear friends it is even more appalling.

A baby gift shower, honoring Mrs. Jack Wright, was held last Tuesday night, in the home of Mrs. Kenneth Leverett. A nice crowd attended, lots of nice gifts were brought, and all went away saying they had a good time.

Rev. Leverett, and Jack Wright did the baby sitting for their wives, in the Wright home, during the party hour, we don't know if they went away saying they had a good time or not.

Mr. and Mrs. Woodrow Goodwin and Linda, visited with the Elmer Joiners, Friday night.

Mr. and Mrs. E. A. Henry went to San Angelo, Saturday, and spent the week end with their son, Mr. and Mrs. Jimmy Henry and daughters.

Rev. Kenneth Leverett will attend the Bible Conference, held in the First Baptist Church of Abilene, the first four days of next week.

The home of the H. L. Fords was the scene of an ice cream get together, last Friday night, with Mr. and Mrs. John Beauchamp and Debra, Mr. and Mrs. Joe Ford, attending as guests. Dorothy Gray, accompanied by her nephews, Bruce and Barry Johnson, came from Amarillo, to spend the week end with her parents, Mr. and Mrs. Winslow Gray.

Lunch visitors in the E. A.

Henry home last Monday, were their granddaughter, Mr. and Mrs. Mack Sansing and two little daughters, of Higgins, Texas.

Friday afternoon, Mr. and Mrs. Henry went to Rule, where they visited a sister-in-law, Mrs. Mary Sue Henry, and her daughter, Ann.

Mr. and Mrs. Jack Wright and children, attended the annual Wright reunion, held in the Anson park, Sunday. They reported the heat to be terrific at that place, which we can well imagine.

Staying over for supper with the Wrights, were his cousins, Mr. and Mrs. Jerry Hill and children, Jal, New Mexico, Mr. and Mrs. Don Wittie and children, Snyder, Texas.

The monthly Family Night for the church will be a picnic, held at the Hamlin Park, next Wednesday night.

Revival time is just two weeks away, beginning August 7, with the Rev. Frank Cod-

A weekly public service feature from the Texas State Department of Health

Accent on Health

J.E. PEAVY, M.D.,
Commissioner of Health

AUSTIN — Are the "childhood diseases" here to stay? Is it still necessary to have a smallpox vaccination? Do babies

dington of the Neinda Church, as evangelist. Day services will not be held, only night time services, beginning at 7:30. We invite all of the surrounding communities to come out and be with us.

es inherit a "natural immunity"?

The "childhood diseases" are a myth. The fact is that these diseases are so contagious among children that most people have had them and thereby developed immunity by adulthood. But adults can and do catch them, and when they do are sometimes much sicker than children.

Two of the so-called childhood diseases — mumps and German measles — have special dangers for the adult patient. Mumps can be damaging to adults — both men and women. And German measles, when occurring in the early part of pregnancy, can result in damage to the unborn child. So, if you are exposed to any "childhood" disease and believe you have never had it, ask your doctor what you can do to protect yourself.

It is extremely important that you and your children

keep protection against smallpox up to date. True, the absence of smallpox in this country has led to a lack of public concern about this serious disease and large segments of the adult population are unvaccinated or require boosters. In some parts of the world smallpox continues to be a serious problem. If just one single undetected smallpox case should be introduced into a U. S. community, it could touch off a serious epidemic.

It is true that a baby is protected by his "natural immunity" acquired from his mother or acquired immunities, if any, can be passed on to her unborn infant as her blood courses through the placenta that nourishes him, but this inherited immunity remains effective for only a sort time.

In the case of whooping cough, a highly contagious disease that is especially dangerous and often fatal for small babies, there is evidence that immu-

nity is only occasionally passed on.

Every parent, medical authorities advise, should plan an immunization program beginning at six weeks of age against diphtheria, whooping cough, tetanus, poliomyelitis and smallpox. Booster shots to maintain protection should follow at prescribed intervals throughout childhood and in the case of certain diseases, well into adult life.

Mr. and Mrs. Paul Cook of Anson are the parents of a baby girl born July 22. She weighed 6 lb. 7 oz. and was named Dianna Lynn.

Mr. and Mrs. W. C. Eoff and Clifford attended the Eoff Reunion at the State Park in Abilene Sunday.

You would reach the Pacific Ocean sooner by traveling due south from Austin, Texas, than by traveling due west.

McCAULEY BOY RECEIVES LONE STAR AWARD AT FFA MEETING

Eddie Earl Smith, son of Mr. and Mrs. Arnold Smith of McCauley, of the McCauley Future Farmers of America chapter received the Lone Star award at the state FFA convention in San Antonio, Thursday, July 16. About 5,000 boys attended the convention with only 500 receiving the award at the annual Lone Star Farmer awards program for 1964. Eddie is the second McCauley High School boy to receive this award.

Baptist Men to Hold Final Brotherhood Meeting of Year

The Baptist Brotherhood of District 17, a 12-county region fanning out the east, north and west of Abilene, will hold its last district rally Aug. 3 at Hardin-Simmons University.

Up to 1,000 Baptist men from the area may attend the rally, said Lowell Queen of Abilene, district president. Following this year's rally, the district organization will be dissolved in favor of smaller units which will continue to function within the framework of the Baptist General Convention of Texas.

Featured in the closing rally in the H-SU Chapel-Auditorium will be an address by Dr. George W. Schroeder, executive secretary of the Brotherhood Commission of the Southern Baptist Convention.

Also on the program will be a brief address by Queen and a panel discussion directed by Dr. Hooper Dilday, director of the BGCT's church services department. District officers will make up the panel, which will be assisted by Dr. Schroeder.

Discussions will be based on the newest plans for Brotherhood Work, which will put a greater stress on evangelistic efforts, Queen said.

Bill Davis, choral director for Mann Junior High School in Abilene, will direct music for the rally. A men's chorus is being organized for the event.

BILLY McILWAIN WINS MILK BUCKET IN RIDING CLUB EVENT

Billy McIlwain won the trophy in the special event at the Saturday evening play night being held each week by the Hamlin Riding Club. He received a two gallon galvanized milk bucket in the wild cow milking event.

Two special events will highlight Saturday night's play night. A wild cow milking will be held again for the men and a greased pig scramble will be the feature for women.

Printice Holland, chairman for this week's show, will be assisted by John Kitchen.

Other winners were as follows:

Stick horse race: Shorty McIlwain, Gena Grubin, Gena McIlwain.

Calf Scramble: Harold Grubin.

Calf riding: (eight years and under) Lanny Woods, Danny McIlwain, Shorty McIlwain; (nine years and under) Wayne Grubin, Jerry Brown, Brit Thompson.

Pole bending: (6 to 10) Lanny Woods, Danny Woods, Randy Elmore; (10 to 14) Brit Thompson, Debbie Elmore, Pearce Holland. (14 to 70) Mary McIlwain, June Elmore, John Holland.

Flag race: (6 to 10) Danny Woods, Randy Elmore; (10 to 14) Debbie Elmore, Pearce Holland, Jerry Brown; (14 to 70) Mary McIlwain, Judy Jenkins, June Elmore.

Ribbon roping: Don Elmore, Butch Holland, T. W. Flenniken.

Calf roping: Roy Thompson, Benny Carroll, Butch Holland.

Snyder Downs Hamlin All-Stars For Title Monday

A couple of Snyder homers gave them an 8-3 victory over the Hamlin All-Star Little League and the Area 1, District 5 Little League title Monday night.

Mike Smith hit a two-run homer for Hamlin.

Hamlin ousted Stonewall-Kent of Aspermont Thursday, July 23, 5-0.

They took a 5-4 squeaker over Rotan Saturday night, July 25.

AREA FARMERS INVITED TO ROLLING PLAINS FIELD DAY

"Farmers and ranchers in Jones County are urged to take part Aug. 7 in the annual field day of the Rolling Plains Soil and Crop Research Station near Chillicothe," said Jones County Agent, Kirby Clayton.

The several hundred guests that Station Supt. Dr. Joe P. Wells will host current research in grain sorghum, guar-cotton rotation, wheat and cotton.

Said the county agent: "Where once the sorghum improvement effort consisted of introducing such new crops as Sudan grass and Hegari from countries now are introducing greatly improved varieties and hybrids originated at the Chillicothe station."

First session of the field day will begin at 8:30 a.m., will feature addresses by four scientists known throughout the Rolling Plains — indeed, throughout the Southwest — for their knowledge.

After a lunch served at the station by the Medicine Mound Home Demonstration Club those attending will tour the research facilities.

Speakers at the program: P. T. Marion, long-time superintendent of the Rolling Plains Livestock Research Station near Spur, who will discuss "Smash Herd Beef Cattle Operations."

L. E. Brooks, veteran superintendent of the Wichita Valley Extension Station near Iowa Park, whose subject will be "Guar—A crop for the Rolling Plains."

Dr. James W. Graves, Texas A&M University professor of agricultural economics and sociology, whose topic will embrace "Locating or Establishing New Markets for Agricultural Products."

Dr. H. O. Kunkel, associate director of the Texas Agricultural Experiment Station, who will talk of "Agricultural Research of the Future."

The Chillicothe station, established cooperatively in 1905 by the USDA and TAES to test sorghum introductions, serves the agriculture of the Rolling Plains, an area comprising 24 million acres.

The station is engaged in a wheat variety testing program, along with other Texas stations. Among varieties produced earlier from this kind of research and increased for distribution as foundation seed stocks here were Comanche, Concho, Westar and Wichita. Seed of the improved Crockett and Tascosa varieties are being increased and are available to certified growers.

Evaluation of cotton varieties at the Chillicothe station has been constant since 1817 and has enabled farmers in Jones County to determine those varieties best suited to their needs and which likely will show a profit, said the county agent.

Bridge Results

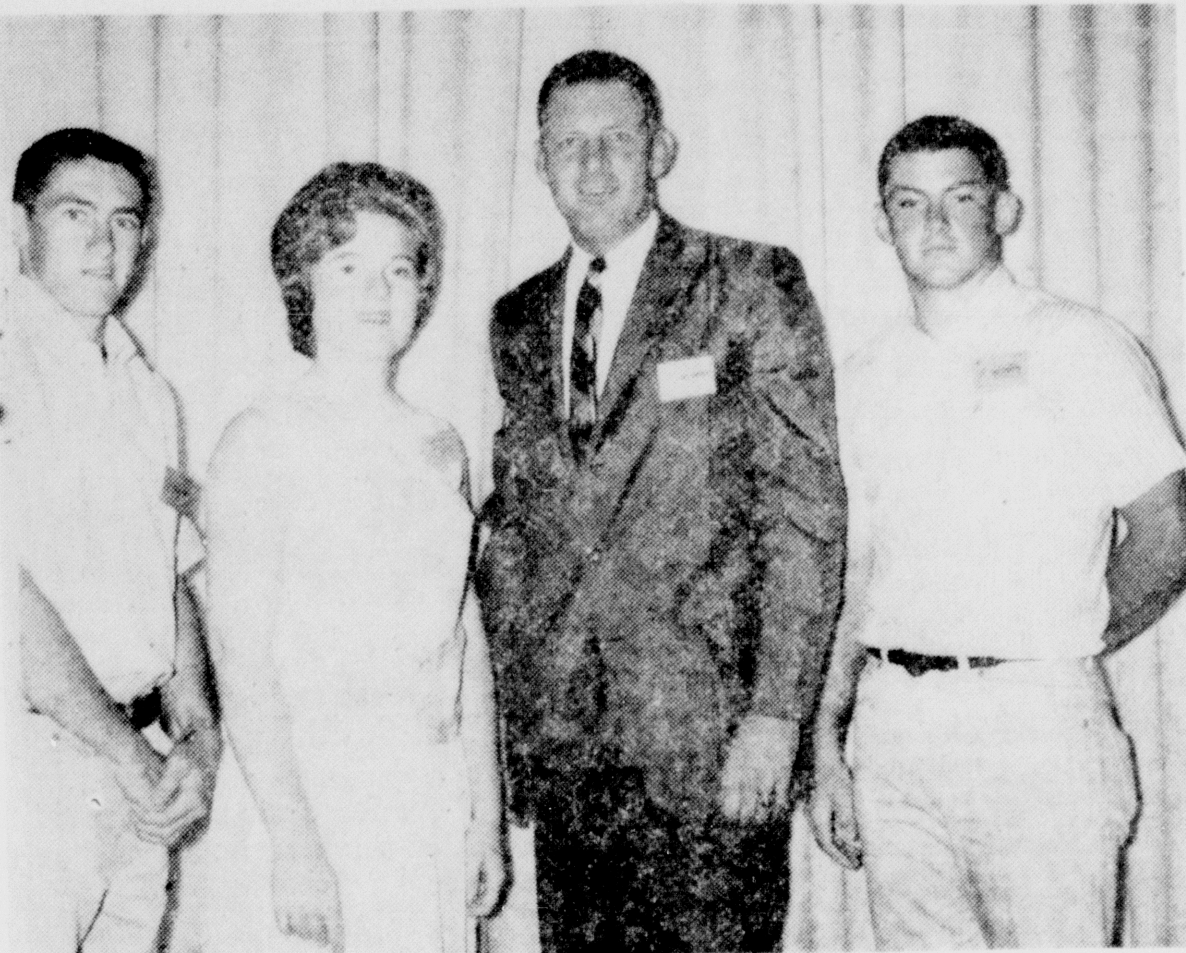

Mrs. Jack Russell and Dan Gallagher won first at the Hamlin Duplicate Bridge Meeting Tuesday, July 28. Mr. and Mrs. Harry Yates of Stamford were second and Mrs. Floyd Briscoe and Mrs. Holly Toler were third.

The next meeting will be Tuesday, August 4, at the Oil Mill Guest House.

Car Wash Set

The youth of the First Methodist Church are holding a car wash Tuesday, August 4, at Lee Hastings Service Station beginning at 7:45 a.m.

Barbara Lahey is spending several days visiting Cherry Criswell at Lake Leon, near Ranger. Other visitors in the O. R. Criswell home during the past week were Kathe and Connie Christian of Hamlin.

AT ATTORNEY GENERAL'S YOUTH CONFERENCE — Representatives from Hamlin High School at the Attorney General's Youth Conference held in Austin July 10, 11 and 12 are shown above with Assistant Attorney General Robert T. "Sonny" Davis, director of the Youth Conference. Pictured are left to right, Allen Cumble, Mary Lois Patterson, Mr. Davis, and Pat Batchelor. The three-day conference was devoted to study in the ways and means to combat juvenile delinquency through the high schools and through the activities of the students. Attorney General Waggoner Carr gave the key-note address stressing the importance of the youth's part in combatting juvenile crime and meeting the school "Drop-Out" problem face to face. He asked for their help as they were consulted about problems that they come in contact with in their daily lives.

FARMERS STAND IN LINE TO PROTEST LAND VALUATIONS

Farmers were standing in the corridors Monday, waiting their turn before the Jones County Equalization Board. They wanted to protect the valuation placed on farm or ranch land owned by them.

The commissioners court is sitting as the appeals board following a revaluation program carried out under contract with McMorries and Co. of Amarillo. Hearings on town property owners who appeared before the board was comparatively light, this has not been so with farmers and ranchers.

For the most part, differences appear to be over classification of land for tax purposes. Eight different classes were used, with the value of No. 1 farm land set at \$150 per acre and other classes graded downward. The valuation company used approximately the same scale of values as employed by the Soil Conservation Service, it was said.

Rebels to Play in Hermleigh Tourney

Hermleigh put the Rebels out of the Roscoe tournament Thursday night with a 7-6 win. Monday night the Rebels defeated the Abilene Key Cityettes, 10-9, with a come back in the bottom of the fifth and sixth innings.

Hamlin will play Hermleigh Thursday (tonight) in the Hermleigh tournament. The loser will play Saturday at 4:30 and the winner will play at 6:00 p.m.

B&PW Women Attend Meeting

Lennie Greenway, president of the local Business and Professional Women's Club, and Viola Avants attended the district planning meeting in Abilene Sunday, July 26. The meeting was in connection with the district conference of the B & P W Club meeting to be held October 24-25 in Snyder.

Mrs. Lida Rhodes, district director was in charge of the meeting. Ten of the thirteen area clubs were represented.

Dr. and Mrs. Don Greenway have returned to Dallas after visiting with their parents, Mr. and Mrs. J. D. Greenway, and grandparents, Mr. and Mrs. J. S. Dickey and Mrs. J. C. Greenway. Dr. Greenway has just completed two years with the USAF Hospital in London, England, and will continue his residency in Orthopedic Surgery at Baylor Parkland and Children's Hospitals.

Suit to Settle Who Is Married to Whom Filed in Anson

"This is the first one I have ever seen."

That was the remark Monday of District Clerk W. L. McDonald when asked about what appeared to be a double divorce suit which has been filed in 104th District Court.

The suit is entitled: Roosevelt Bolden and Aretta (Bell) Bolden vs. Phylleste (McPherson) Bolden and William Bell.

The suit was made necessary when a Hamlin couple in their sixties attempted to adopt two children whom they have reared. They learned there was some question as to whether Ciudad Juarez, Mexico marriage was legal.

The petition sets out that Roosevelt Bolden married Phylleste McPherson at Corsicana in 1933. The couple separated and whereabouts of the woman is unknown. There was no divorce.

Aretta Nobles married William Bell in 1941 but the couple lived together but a short time and whereabouts of Bell is unknown. Mrs. Bell married Alvin Anderson at Fort Worth in 1943. She, according to the petition, did not know if Bell had obtained a divorce or not. However, Anderson was killed in Fort Worth at a liquor store.

Bolden and Anderson's widow were married in October of 1953.

Now the couple are asking the court to declare their previous marriage dissolved and to say that they are legally married to each other.

PHILOSOPHER SAYS POLITICIANS OUT OF TOUCH WITH PEOPLE WHEN IT COMES TO T.V.

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 advises politicians about television this week.

Dear editor: Successful politicians as I understand it are supposed to be men who figure out what the people think before they know it themselves and then let them in on it, but I'm not sure this is always true.

Also, a politician is supposed to keep his ear to the ground, and maybe he does, but this may not be very helpful these days when half the people live above the ground floor.

I was thinking about this after I read an article telling about how the politicians, both Republican and Democratic, had been worrying about what they could do to live up to their conventions, in order to hold the television audience.

Here we are, they said, with two or three days and nights of nation-wide, exclusive television time and how can we be sure we can hold our audience?

This shows how out of touch with people the politicians are. Don't they know the people don't expect them to put on a lively show when not even the professional television people can do it? We might wish they could, but we don't expect it.

If politicians had kept their ears off the ground and their eyes glued to their T. V. sets, they would have realized the people have not come to expect constant gripping excitement on the screen.

Take the average baseball game on T. V. Maybe ten per cent of the time something really exciting happens, and the rest of the time is about on the same plane as a second-the-nomination speech at a convention. One home-run and one

MIDWEST ELECTRIC PLANS ANNUAL MEETING AUGUST 6

An official of Midwest Electric Cooperative Inc. has announced that the Annual Membership Meeting will be held Aug. 6. As in the past, the meeting will be staged at the Fisher County Rodeo Grounds in Roby.

This year's meeting will be conducted in the same manner as it has been for the past several years. Registration will begin at 5:00 p.m. with a free barbecue supper being served from 6:00 p.m. to 7:00 p.m. At 7:00 p.m. the officials of the cooperative will make their reports.

Mrs. J. S. King, 84, Dies July 27. Rites Held July 29

Services were held Wednesday, July 29, for Mrs. J. S. (Cona Myrtle) King, 84. Mrs. King died July 27 at the Baker Convalescent Home in Pearsall. She was a resident of Hamlin for seventy-two years.

Born September 20, 1879, in Wise County, she was the daughter of the late Mr. and Mrs. Jessie Harris. She married J. S. King at Neimda November 6, 1898. He preceded her in death.

Services were held at 10 a.m. in the First Methodist Church under the direction of Rev. Royce Womack, pastor.

Survivors include two sons, Cecil of Laredo and Lawrence R. of Pomona, Calif.; one brother, L. B. Harris of McCauley; two sisters, Mrs. Lora Turnridge of Abilene and Mrs. Panola Weaver of Temple City, Calif.; two grandchildren and 5 great-grandchildren.

Pallbearers were: Bryant Conner, M. T. Hudson, Allen Vandiver, Preston Stokes, Rudy Hamric and Pat Miller.

B. V. Newberry In Laymen's Crusade

B. V. Newberry, of the First Baptist Church here is in California participating in the West Coast Laymen's Crusade held July 22-26. He was in revival in the Bethel Baptist Church in Escondido, California.

Others from here who were in the crusade were Edgar Duncan, Johnny Stovall and John V. Howard.

ports. The regular business session will be conducted from 7:30 p.m. to 8:15 p.m. Two directors will be elected at this session.

Men nominated for these two positions are as follows:

Place 3: Charlie Bley (Re-election) and Ray Fulford. Place 4: J. L. McArthur (Re-election) and Glenn Posey.

Other nominations may be made by members of the cooperative from the floor at the meeting if they so desire.

Bob Murphy, the "tobacco chewing" East Texas humorist will be on hand to delight young and old alike. Murphy is well remembered by many Midwest members as "that guy that told all the funny stories about politicians and East Texas" at the 1961 annual meeting.

Each member will receive a nice gift as he registers at the meeting. In addition, his name will be placed in the barrel for the drawing of other prizes.

Approximately 3,000 people are expected to attend the event. All members of the cooperative are urged to be present. It will be an informative as well as entertaining occasion.

Primitive Baptist Church to Host Annual Meeting

The Primitive Baptist Church will host the annual meeting of the West Providence Association here Thursday through Sunday. This will be the first.

More than 300 persons are time for the Hamlin Church to sponsor such a meeting. expected to be here from the area extending from Dallas to Odessa. A large tent will be put up on the north side of the church which is located in the 600 block of Northeast Ave. A. to accommodate the large crowd.

Services begin at 8 p.m. Thursday and continue through noon Sunday. Friday and Saturday services will be held at 11 a.m., 2:30 p.m. and 7 p.m. Approximately 12 to 15 ministers will be here and will participate in the services.

Elder Robert A. Moore is pastor of the local church. The public is invited to attend.

STUBBLE MULCHING URGED TO FIGHT WATER EROSION

Wheat farmers that practice stubble mulch tillage have good insurance against erosion. The value of crop residue in controlling water erosion was clearly shown on local wheat fields this year following the heavy rains. The surface residue helped to increase the amount of water that the soil soaked up and slowed down

runoff so that gullies were not started. Fields that had been worked with chisels or sweeps are generally not damaged while adjoining fields without surface residue lost tons of valuable topsoil.

The hard beating rains that all in the summer months quite often do more damage than good unless the soil has a "good cover." This is one of the reasons why more and more farmers are changing to stubble mulching. Sweep, type plows and trashy farming have paid off for many local wheat farmers this year. The topsoil saved following one heavy rain will quite often more than offset the cost of stubble mulching equipment.

Sweep and chisel type implements are well adapted in this part of the state. They can be used to loosen the soil, kill weeds and leave the soil in excellent condition to take water. The kind and number of tillage operations should be adjusted so that a good stubble cover is left on the surface.

The most important thing a farmer needs to do stubble mulching is a sincere desire to protect the soil. If you are having trouble with wind or water erosion on your farm, try changing your farming operations so that more residue is left on top of the ground.

Mr. and Mrs. Paul Steadman of Grand Prairie were week end visitors in the home of Mr. and Mrs. Bob Craig and children.

Glenda Boren and David Oden Tell Of July Wedding

Mr. and Mrs. Loyd Boren of Longworth are announcing the marriage of their daughter, Glenda Murel, to David Austin Oden of Sweetwater. The couple was married July 20 at 11:45 a.m. in the home of Rev. Arron Oden, brother of the bridegroom, a Baptist pastor in Big Spring.

The couple will reside in Lorraine after Aug. 8. He is employed by H. A. Moore Feed Store in Colorado City.

The bride attended Hamlin High School.

Andress Reunion Held Here Sunday

The Andress Reunion was held Sunday at the Hamlin school cafeteria with twenty-nine relatives present.

Out-of-town visitors were from Odessa Lubbock Houston, Comanche, De Leon, Breckenridge, Haskell, Rule, Roby and McCaulley.

The noon luncheon was followed by a business meeting. Entertainment was by a quartet.

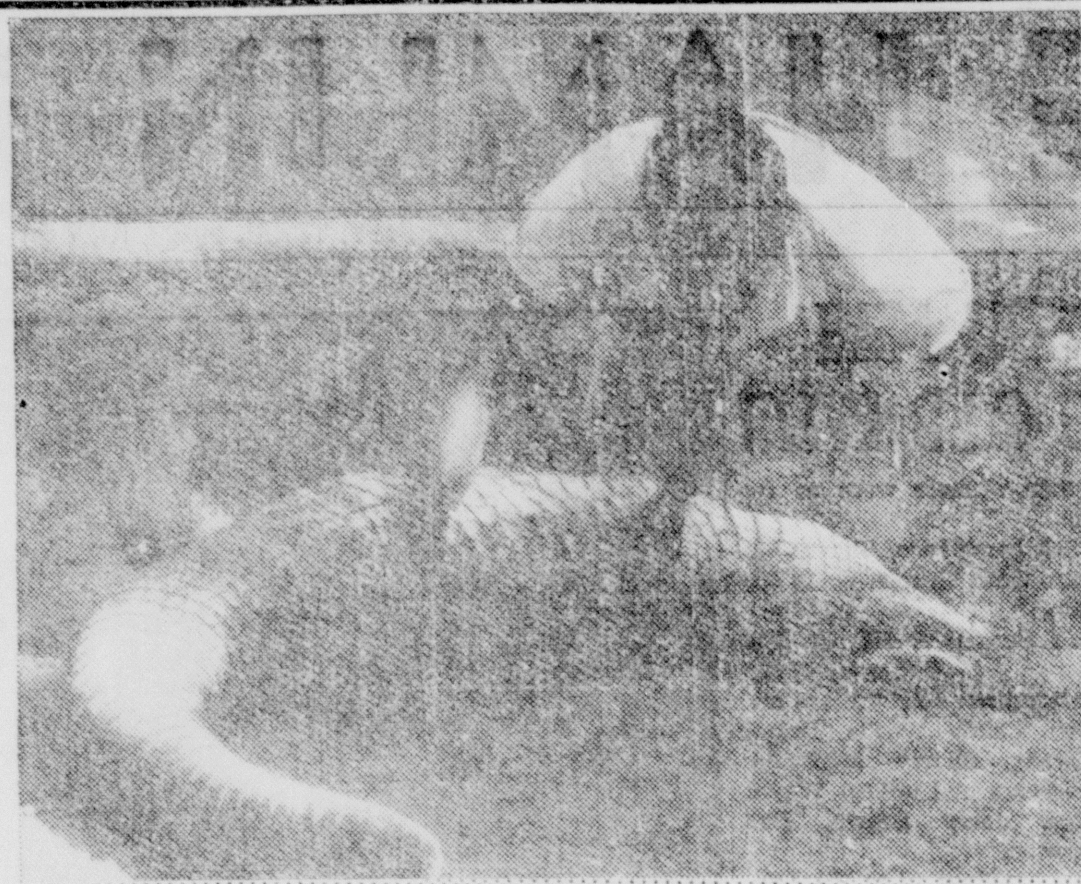

The ship's rudder for steering large vessels was perfected in the 13th century, paving the way for long voyages.

Engraved gems out of the earliest years of the Roman conquest of England show that Roman officials carved gems as a hobby.

In March, 1853, Congress ordered an exploration at public expense to find the best route for a railroad to the Pacific Ocean.

The light-gathering power of the 89-inch telescope at McDonald Observatory is about 150,000 times greater than that of the human eye.

Call your news to the Herald.

WRESTLING WITH OUR FEARS

Our fears seem as big and as terrible as this alligator sometimes, don't they? Fear about this thing and that can paralyze us and prevent us from doing our daily work.

Many of our fears are real. A great many of our fears, however, are unfounded—a result of thinking and worrying about ourselves. Sir John Denham phrased it this way:

*"My fears are causeless and ungrounded,
Fantastic dreams and melancholy fumes."*

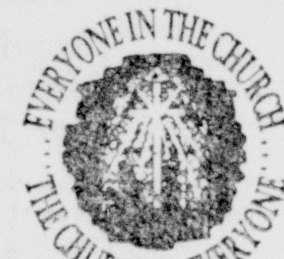

There is only one thing that will dispel fear of this type. We must do something to get out of ourselves. That means loving and helping others.

The Bible puts it so well in I John 4:18. *"There is no fear in love; but perfect love casteth out fear; because fear hath torment. He that feareth is not made perfect in love."*

The Church is God's Agency designed to help you. We invite you to attend this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

WILDLIFE SPECIALIST OFFERS HELP ON STOCKING PONDS

COLLEGE STATION — A fish shall I put in my pond? question asked by many people every day is, "What kind of ever kind or kinds you like to catch," says Wallace G. Klussmann, Extension wildlife conservation specialist, Texas A&M University. "If you are a catfisherman only, then there

is no reason to stock other species; the same goes for bass or sunfish. If you want all kinds, then bass, channel catfish, and redear sunfish are compatible."

Evidence indicates that it is not necessary to stock a forage fish along with largemouth bass, explains Klussmann. Many sources still recommend stocking a sunfish such as the bluegill along with bass. These cover large sections of the country including states north of Texas where the growing and spawning season are shorter and more favorable for bass-bluegill combinations.

A female bluegill can spawn as many as four times during a single season in Texas, notes the specialist. The result is thousands of small bluegills that never reach edible size.

Another factor contributing to the bluegill dilemma is that bluegills are not the "ice cream" in any fish's diet. Bass prefer feeding on their own kind and other species rather than on bluegills, says Klussmann. Channel catfish are scavengers and eat few bluegills.

If sunfish are desired, the most suitable species is the redear since it spawns only once a year and thereby lengthens the time before overcrowding occurs, says the specialist.

Crappie or white perch should not be stocked in ponds having less than 10 surface acres because, like bluegills, they will overpopulate a small pond in one or two years.

A pond should always be stocked with fingerlings that are approximately the same size, such as those obtained from state and federal hatcheries, says the specialist. Never go to a nearby stream or pond and seine fish for stocking.

"A balanced fish population is almost impossible to obtain if stocking of all sizes and kinds of fish is practiced. Never introduce fingerlings into a pond containing adult fish, particularly bass," warns Klussmann. "A pond should be stocked with a balanced group of fingerlings only after the adults have been removed."

Fingerlings for stocking private ponds can be obtained free of charge from either state or federal hatcheries.

Application forms and stocking recommendations can be obtained from the local county agent or game warden, adds Klussmann. Requests for stock fish may be made at any time. It is important for pondowners to fill the application card correctly and not a "hedge" on the size of the pond in an effort to get more fish, comments the specialist. It is just as bad to stock a pond with too many of the right kind as it is to stock it with undesirable kinds. Just as range land has a certain capacity for a special number of animals, a pond can only support a specific number of pounds of desirable fish.

Enrolls in School

LUBBOCK — Julie Daniel, daughter of Mr. and Mrs. H. R. Dainell, 418 N. W. Avenue H, Hamlin is presently enrolled as a summer student at Lubbock Christian College, Lubbock, Texas.

Miss Daniell is a 1963 graduate of Hamlin High School. While in high school she was active in pep squad and cheerleading.

Miss Daniell is one of 130 students who registered for this session.

WSCS CIRCLE MEETINGS - - -

The circles of the Women's Society of Christian Service of the First Methodist Church met this week for programs concerning "Local Inter-Faith Cooperation."

The Vaughan Circle met Monday morning in the home of Mrs. Earl Brown.

Mrs. Jack Vaughan, chairman, presided.

Mrs. W. B. Cotton gave the opening prayer. The program was given by the members. Nine members and two visitors were present.

The August 24 meeting will

be in the home of Mrs. E. J. Hawkins.

The Gardner Circle met at 9:30 a.m. Monday in the home of Mrs. Fred Carpenter. Mrs. B. H. Gardner, chairman, opened the meeting with prayer and presided.

Miss Ella Temple presented the devotional and read the scripture from Acts.

Mrs. A. A. Hackley gave the program which consisted of highlights written by Miss Thelma Stevens from General Conference Legislation in Mandates for Action.

Nine members were present.

Mrs. Gardner closed the meeting with prayer.

The next meeting will be in the home of Mrs. E. J. Hawkins Aug. 24.

The McBride Circle met Tuesday at 10 a.m. in the home of Mrs. W. A. Hawkins. Eight members and one visitor, Mrs. Jerry Larned, were present.

Mrs. Horace Driver, chairman, presided during the business session. Mrs. Hawkins urged all members to attend the general meetings. The first luncheon will be at noon Sept. 7.

Mrs. David Casey presented the program.

The next meeting will be Aug. 25 in the home of Mrs. Gerald Hilburn.

Mr. and Mrs. Royce Eaton of Roby are the parents of a baby girl born July 24. She weighed 8 lb. 4 oz. and was named Dee Dee Lynn.

MABERRY REUNION HELD IN SWEETWATER HALL JULY 19

Descendants and friends of the late Mr. and Mrs. John Maberry and the late Mr. and Mrs. David Maberry gathered at the American Legion Hall in Sweetwater on Sunday, July 19.

A business meeting followed the noon covered dish luncheon. Luther Maberry, president of the organization, introduced new members of the clan which were attending for the first time, they included:

Mitzi McCutcheon, infant daughter of Mr. and Mrs. McCutcheon of Brownfield; Laura McElyea, infant daughter of Mr. and Mrs. H. C. McElyea Jr. of Big Spring, Texas and Conrad Allen Hamric, infant son of Mr. and Mrs. Ruby V. Hamric of Rotan.

Officers re-elected for another year were: Luther Maberry of McCauley, president; Albert Maberry of Trent, vice president; Ray Maberry of McCauley 2nd vice president; Patsy Maberry Hamric, secretary-reporter.

It was decided that the reunion would be held again in 1965 at Sweetwater. Jerry Maberry, Mrs. Donald R. Rowland and Jerry McElyea, all of Sweetwater, were appointed by the president to investigate the best place and time for the reunion.

Attending from Lubbock were Mr. and Mrs. H. C. Morris, Marci Blackburn, and Mr. and Mrs. Doug Blackburn.

From Lamesa were Mr. and Mrs. W. W. Miers and Mike, Mr. and Mrs. B. Fancher, and Earl Fancher.

Mr. James Fancher and family were here from Wichita Falls.

From Sweetwater were Mr. and Mrs. Jerry Maberry and family, Mr. and Mrs. Jimmy McElyea and sons; Mr. and Mrs. Donald Rowland and Kyle; and Lucile Maberry.

Mr. and Mrs. James Shaw attended from Colorado City.

From Rotan were Mr. and Mrs. Rudy Hamric and Conrad.

From Sylvester were Mrs. Ross Douglass, Calvin and Mike Maberry, Mr. and Mrs. J. P. Maberry.

From Irving were Mr. and Mrs. Larry McElyea.

From Trent were Mr. and Mrs. Albert Maberry and sons.

From Big Spring were Le-

vora McElyea, Mr. and Mrs. H. C. McElyea Jr. and two daughters, Mr. and Mrs. Donald Douglas and two sons.

Mr. and Mrs. Gary Douglass attended from Merkel.

From Meadow were Mr. and Mrs. B. D. Seaton and sons.

From Brownfield were Phyllis McCutcheon and Mitzi.

From McCauley were Mr. and Mrs. George Maberry, Mr. and Mrs. Levi McCollum; O. R. Burnham; Mrs. Jim H. Pope, Mrs. Juanita Jones and two children, Mrs. G. C. Adcock; Mr. and Mrs. Jim Fancher; Mr. and Mrs. John Frank Maberry; Mr. and Mrs. Lon Address and Ray; Mr. and Mrs. Luther Maberry; Mr. and Mrs. A. A. Smith and four children; Davy Maberry.

Mr. and Mrs. Norman Carlton visited their son and family, Mr. and Mrs. J. W. Carlton, in Uvalde over the week end. Their grandsons, Russell and Rodney, returned with them for a visit.

Garden Club Holds Called Meeting

A called meeting of the Hamlin Garden Club was held in the home of Mrs. B. B. Colwell, president.

Resignations of Mrs. S. L. Tate and Mrs. A. E. Johnson were read.

Mrs. Glen Simons was elected secretary and Mrs. B. H. Gardner was elected corresponding secretary.

Mrs. Edgar Duncan requested placement on the associate membership list.

Plans were discussed for programs for the coming year by Mrs. LaFoy Patterson, program chairman.

OLD GLORY ...

By Judy White
A former resident of the Old Glory Community, Hugo Klump of Bartlett, was killed in a car wreck on Wednesday, July 22. He was 83 years of age.

Mr. Klump had been living in Bartlett for many years but frequently visited relatives and friends here.

Survivors include two daughters, Mrs. Jane Wheeler and Mrs. Harold Clark of Bartlett, a son, Virgil Klump, of Waco; three sisters, Mrs. W. G. Wienke, and Mrs. Tillie Dippel of Old Glory; Mrs. Erma Aurich, of Houston; two brothers, Ben Klump of Old Glory, and Leo Klump of Bellview.

Funeral services were conducted in Bartlett at 10:00 a.m. on Friday. Those from here who attended were Mr. and Mrs. W. G. Wienke, Ben Klump, Herbert Klump, Mrs. Tillie Dippel, Mrs. Bernice D. White and Judy, and Mr. and Mrs. Garrett Spitzer.

Visitors in the home of Mr. and Mrs. Charlie Letz last week were their grandchildren, Roger Clayton and Kathie Lou Letz. They are the son and daughter of Mr. and Mrs. Roger Letz of Fort Worth. Mr. and Mrs. Letz took them back to Fort Worth last Thursday and visited in their son's home.

Mr. and Mrs. Delos Callicotte were in Midland last week-end visiting their son and family, the Jerry Callicotte's, their grandchildren, Guy and Jill Callicotte, returned home with them for a visit. They also plan to spend a few days with their other grandparents here, Mr. and Mrs. Charlie Letz.

Mr. and Mrs. Ed Letz and their children, Stephanie, Reva,

2,762 18-Year-Old Males to Receive Army Physicals

AUSTIN — State draft board will forward 2,762 18-year-old males for Army mental-physical examinations in August, compared to 1,816 scheduled for July, Colonel Morris S. Schwartz, state Selective Service director, said Monday.

These tests are the result of President Johnson's action early this year which ordered the Directive service and the Secretary of Defense to examine all newly-registered men who are out of school and available for service.

Colonel Schwartz stressed that these youths will not be considered for armed forces service at this time. Normally, a man is not reached for draft induction until about age 22.

Only about 225 of the older males will be sent for the examinations in August, and only 119 men are scheduled for induction in that month. This is the lowest induction call the state has received since April 1961, when the quota was only 65. The highest monthly induction call since then was 1,112 in September 1961, as a result of the Berlin crisis.

The August quotas are scheduled to be placed in the mail to local boards Monday. Colonel Schwartz said.

Males married at age 18 and those known to be continuing in school currently will not be examined. Also, high school graduates whose draft files show they intend to enter college this fall will not be ordered. If a high school graduate plans to enter college this fall, he should notify his draft board immediately.

AUSTIN, TEX. — Many persons drown each year while trying to save another person, and the Texas Safety Association reports that frequently the would-be life saver is the only one who drowns. If you do not swim well do not attempt to save another person who is in trouble in the water. You will save time and probably two lives if you go for help first.

Ivory is heavier than water. Call your news to the Herald.

PUT A TIGER IN YOUR TANK!

Visit Six Flags Over Texas this summer. More than a hundred acres of fun for everyone. Be sure to include a ride on Humble's "Happy Motoring" Freeway. Even youngsters can safely steer the miniature sports cars. Stop at your Enco dealer's before you go. He has coupons for you, each worth 50¢ on a child's ticket for Six Flags.

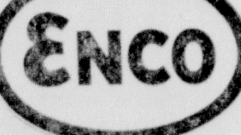

NEW HIGH-ENERGY ENCO EXTRA GASOLINE BOOSTS POWER THREE WAYS:

- 1 Cleaning Power!** Dirt can clog even a new carburetor in a few months of normal operation—causing hard starting and rough idling. Your very first tankful of New Enco Extra will start to clear away these deposits—in new engines or old—to improve power and mileage.
- 2 Firing Power!** Spark plug and cylinder deposits can cause misfiring, pre-ignition and hot spots. New Enco Extra neutralizes these harmful deposits—to help your engine fire smoothly, to help preserve the power of new cars and restore lost power to many older cars.
- 3 Octane Power!** New Enco Extra has the high octane that most cars now need for full smooth performance without knocking. You'll get all these extras with New Power-formula Enco Extra gasoline—it puts a tiger in your tank! *Happy Motoring!*

HOW TO PACK FOR A TRIP ABROAD - THE EASY WAY

By Hulin Fowler
Editor's note: Mr. Fowler will be happy to answer questions on travel and vacations. Please address your inquiries to him in care of this newspaper.

You've planned your vacation — to Europe, South America or the Far East — and every minute of it has been fun.

Suddenly, the fun becomes work. What to wear? What to pack?

Actually, packing for a jet trip, even around the world, is

not as difficult as many people think of you keep two basic problems in mind — climate and weight.

Many people think the climate in South America is "hot" and it is — in December! Remember that the seasons of the two Americas are reversed — and that some high-altitude areas like La Paz, Bolivia, Bogota, Columbia, are pretty cold most of the year.

In Europe, you will encounter many climates, but bear in mind that the northern coun-

tries will be cold in winter and cool in summer, while the Mediterranean lands will be mild in winter and warm in summer. Check your itinerary carefully before deciding what clothes to take.

In the matter of weight, you will be allowed 44 pounds from your city of departure on an international economy ticket, and 66 pounds on a first class ticket. In addition, you may carry a coat, camera, binoculars, purse and reading material which will not be weighed.

Granted that you know where and how you're going, the next thing to remember is to travel light. Concentrate on people, scenery, fun, places and ideas, not on being a "clothes horse". Don't waste your time packing, unpacking, dressing and changing or you'll miss out on a lot of fun of the trip.

Although any travel service can suggest a basic travel

wardrobe for any tour, here are a few tips on packing:

1. Choose a basic color scheme. Women should have blouses that are interchangeable with various skirts. Men should have sports coats that go with several pairs of slacks. First, look in your wardrobe. You probably have most of your basic items there.

2. Take easy-to-care-for fabrics. Nylon, dacron, orlon and others are a real boon for travelers of both sexes. They press, wash and dry easily and are durable.

3. If you wish to take a travel iron, choose a light one of dual voltage international convertible plugs.

4. Take a camera and plenty of film, as some countries do not have an adequate supply of good film, especially color.

5. Toilet articles are available in abundance now in most foreign countries. However,

your favorite brand may not be, so you may want to pack enough to last your complete trip. However, remember that each article counts in your total weight allowance; so, do not take more than will be needed.

6. If you need special medicines, carry an adequate supply. Your doctor will gladly tell you what additional medications

may be needed while you're away from home.

Finally, be sure that you have such articles as your passport and vaccination certificates, and a supply of toilet articles, on your person during the flight. Some flights are rather long and you'll want to freshen up before landing, at which time you'll also need all your travel documents.

For a child or an adult to achieve properly and efficiently they must have good vision. Only a vision specialist giving a thorough examination can determine your visual needs. A thorough examination takes time.

MANY FEATURES ADDED TO REFRIGERATORS IN 16 YEARS

Joe Hudspeth, local appliance dealer said today that the average American family uses its refrigerator in the home for about six years, according to U. S. Dept. of Agriculture figures.

A whole new generation of refrigerators has been built since 1948, the dealer stated. If you are planning to replace your old model this year you'll probably want to know how the new model's compare with those of 16 years ago. What additional values do you get?

Here are the facts as reported by Mr. Hudspeth.

Today's refrigerator dollar more cubic feet of refrigerated space than it did 16 years ago. In 1948, you paid about \$299, for an 8 cu. ft. General Electric refrigerator.

Today, for about the same price, you get a Frost-Guard model (no defrosting ever) with 13.7 cu. ft. of refrigerated space. That's 70% more capacity, or in terms of cost per cubic foot, about 40% less. It's an even better buy, when you take into account the effect of

inflation since 1948, declared the dealer.

The 8 cu. ft. 1948 model was a single-door refrigerator that had to be manually defrosted week after week and it had only a small space to freeze ice cubes. It had no door storage.

Today's General Electric model at about the same price has many extra values. There's two-door convenience with a slight zero-degree freezer for long-term storage of modern frozen foods. It has a slide-out shelf, generous door storage and an egg basket and butter compartment. Best of all, there's no defrosting ever in either the refrigerator or freezer sections.

The separately - insulated freezer section is needed to store the rapidly increasing variety of frozen foods now available to American home-makers. Sixteen years ago there were only a few frozen foods available at your supermarket. Today, a wide variety of frozen foods including new brands of pre-cooked meals and a variety of international dishes can be purchased at the store. Thus, the homemaker who wants to offer her family a nutritious selection of frozen foods needs more freezer space than ever before.

There's the matter of design too! The old 8 cu. ft. refrigerator was round-shouldered, had unsightly coils on back, came in white only and was not compatible with standard kitchen cabinets.

Today's model has straight-line design, no coils on back so that it fits flush-to-wall and lines - up at front with base cabinets. It needs no door clearance at side and can be installed in-the-corner. It comes in the fashionable new copper-tone or Mix-or-Match colors to spark the rest of the kitchen.

Today's refrigerator offers much greater efficiency and value than its free-runner. The most important advancements to the homemaker, however, are increased capacity and Frost-Guard -- no defrosting ever," said Mr. Hudspeth.

Mr. Farmer —
Mr. Rancher:

A recent study in this area has resulted in our loan values making it possible, in many cases, to make larger loans. For information about a loan on your farm or ranch come in soon—let us explain the many advantages of a Land Bank loan.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

SENATE JOINT RESOLUTION NO. 6 proposing an amendment to Section 5 of Article VII of the Constitution of the State of Texas so as to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. Section 5 of Article VII of the Constitution of the State of Texas is amended to read as follows:

"Section 5. The principal of all bonds and other funds, and the principal arising from the sale of the lands herebefore set apart to said school fund, shall be the permanent school fund, and all the interest derivable therefrom and the taxes herein authorized and levied shall be the available school fund. The available school fund shall be applied annually to the support of the public free schools. And no law shall ever be enacted applying any part of the permanent or available school fund to any other purpose whatever; nor shall the same, or any part thereof, ever be

appropriated to or used for the support of any sectarian school; and the available school fund herein provided shall be distributed to the several counties according to their scholastic population and applied in such manner as may be provided by law."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

"AGAINST the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the permanent school fund to the available school fund."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

FAIRVIEW NEWS

By MRS. ELMER JOINER

Since there has been so much sickness and sadness prevailing in our community, recently, we are ashamed to mention the hot dry weather. But it is hot nevertheless, making it hard on both man and all the lower animals, but will all live through it and before long we will be complaining of the cold weather.

George Wainscott returned home last Thursday, from Gary, Indiana, where he had been at the bedside of his eldest son, Charles Weldon, who is very ill at that place. At first it was learned that he had a malignancy in his lungs, at this time it has spread to other parts of his body, causing a very serious condition. Mrs. Ethel Allen remained with the family, in Indiana, to help them, for which she is very qualified, having done such a good job caring for her father before he passed away. Our love and sympathy, go to all of the family in this sad hour.

In this column last week we told of the planned surgery for little Sabrina Clements, daughter of Mr. and Mrs. Bill Clements, of Fort Worth, and three year old granddaughter of Mrs. Flavil Holmes sister, Mrs. R. O. Clements. The open heart surgery was performed in Dallas, last Thursday, and at first it was hoped that it would be a success, but Friday morning she passed away. Mr. and Mrs. Flavil Holmes and Jimmy, attended funeral services for the tiny tot, Monday afternoon, in Pampa, where the grandparents reside and where the father was reared.

It was learned Sunday that Mrs. Oscar Jenkins had entered the Hamlin Hospital. At this time that is all we have learned.

Mr. John Dutton, a long time resident of this area, having

lived in Anson for some time, passed away in that city, some time Sunday morning. Funeral in the Anson Church of Christ, Mr. Dutton having been a member of that church. He had been ill for a long time, having lived to be over ninety years old. He and Mrs. Rutton reared a large family, one of which they were justly proud, leaving a host of grandchildren and great-grandchildren, as well as many friends. Our love goes to all of them in this hour of sorrow.

Mrs. Lois Hampton, of Abilene, the former Lois Ray, reared in this community, was found in her home last Tuesday morning suffering from a stroke, which had happened some time in the night before. She was carried to the Hendrick Hospital, where she was remained critically ill since. It is thought that she is improving, although she is paralyzed in her right side and cannot speak. Mrs. Hampton had gone Monday for a check up, was pronounced in good health, which goes to show how uncertain our lives or good health can be, and when it happens to one of your dear friends it is even more appalling.

A baby gift shower, honoring Mrs. Jack Wright, was held last Tuesday night, in the home of Mrs. Kenneth Leverett. A nice crowd attended, lots of nice gifts were brought, and all went away saying they had a good time.

Rev. Leverett, and Jack Wright did the baby sitting for their wives, in the Wright home, during the party hour, we don't know if they went away saying they had a good time or not.

Mr. and Mrs. Woodrow Goodwin and Linda, visited with the Elmer Joiners, Friday night. Mr. and Mrs. E. A. Henry went to San Angelo, Saturday, and spent the week end with their son, Mr. and Mrs. Jimmy Henry and daughters.

Rev. Kenneth Leverett will attend the Bible Conference, held in the First Baptist Church of Abilene, the first four days of next week.

The home of the H. L. Fords was the scene of an ice cream get together, last Friday night, with Mr. and Mrs. John Beauchamp and Debra. Mr. and Mrs. Joe Ford, attending as guests. Dorothy Gray, accompanied by her nephews, Bruce and Barry Johnson, came from Amarillo, to spend the week end with her parents, Mr. and Mrs. Winslow Gray.

Lunch visitors in the E. A.

Henry home last Monday, were their granddaughter, Mr. and Mrs. Mack Sansing and two little daughters, of Higgins, Texas.

Friday afternoon, Mr. and Mrs. Henry went to Rule, where they visited a sister-in-law, Mrs. Mary Sue Henry, and her daughter, Ann.

Mr. and Mrs. Jack Wright and children, attended the annual Wright reunion, held in the Anson park, Sunday. They reported the heat to be terrific at that place, which we can well imagine.

Staying over for supper with the Wrights, were his cousins, Mr. and Mrs. Jerry Hill and children, Jal, New Mexico, Mr. and Mrs. Don Wittie and children, Snyder, Texas.

The monthly Family Night for the church will be a picnic, held at the Hamlin Park, next Wednesday night.

Revival time is just two weeks away, beginning August 7, with the Rev. Frank Cod-

A weekly public service feature from the Texas State Department of Health

Accent on Health

J. E. PEAVY, M.D.
— Commissioner of Health —

AUSTIN — Are the "childhood diseases" here to stay? Is it still necessary to have a smallpox vaccination? Do babies

dington of the Neinda Church, as evangelist. Day services will not be held, only night time services, beginning at 7:30. We invite all of the surrounding communities to come out and be with us.

es inherit a "natural immunity"

The "childhood diseases" are a myth. The fact is that these diseases are so contagious among children that most people have had them and thereby developed immunity by adulthood. But adults can and do catch them, and when they do are sometimes much sicker than children.

Two of the so-called childhood diseases — mumps and German measles — have special dangers for the adult patient. Mumps can be damaging to adults — both men and women. And German measles, when occurring in the early part of pregnancy, can result in damage to the unborn child. So, if you are exposed to any "childhood" disease and believe you have never had it, ask your doctor what you can do to protect yourself.

It is extremely important that you and your children

keep protection against smallpox up to date. True, the absence of smallpox in this country has led to a lack of public concern about this serious disease and large segments of the adult population are unvaccinated or require boosters. In some parts of the world smallpox continues to be a serious problem. If just one single undetected smallpox case should be introduced into a U. S. community, it could touch off a serious epidemic.

It is true that a baby is protected by his "natural immunity" acquired from his mother or acquired immunities, if any, can be passed on to her unborn infant as her blood courses through the placenta that nourishes him, but this inherited immunity remains effective for only a short time.

In the case of whooping cough, a highly contagious disease that is especially dangerous and often fatal for small babies, there is evidence that immu-

nity is only occasionally passed on.

Every parent, medical authorities advise, should plan an immunization program beginning at six weeks of age against diphtheria, whooping cough, tetanus, poliomyelitis and smallpox. Booster shots to maintain protection should follow at prescribed intervals throughout childhood and in the case of certain diseases, well into adult life.

Mr. and Mrs. Paul Cook of Anson are the parents of a baby girl born July 22. She weighed 6 lb. 7 oz. and was named Dianna Lynn.

Mr. and Mrs. W. C. Eoff and Clifford attended the Eoff Reunion at the State Park in Abilene Sunday.

You would reach the Pacific Ocean sooner by traveling due south from Austin, Texas, than by traveling due west.
